

ABIM-Lucerne 2009

4th Annual Biocontrol Industry Meeting

Lucerne, Switzerland

October 19th – 20st 2009

The International Biocontrol Manufacturers Association (IBMA) and the Research Institute of Organic Agriculture (FiBL), announce to the biological plant protection world a meeting place for:

- presentation of new products, agents, systems, solutions,
- discussion of topics of common interest,
- people, companies and private business meetings.

Conference location

The 4th Annual Biocontrol Industry Meeting (ABIM-Lucerne 2009) will again take place at the prestigious Lucerne Culture and Convention Centre (KKL). IBMA's Annual General Assembly and other specialised IBMA group meetings will also be included in the programme.

ABIM-Lucerne provides an annual meeting place specifically adapted to the needs of the biocontrol industry and for interactions with consultants, regulators and researchers. Last year the number of participants continued to increase: over 340 delegates representing more than 200 companies and organisations presented their activities and discussed new products and trends in the market.

Registration

Information, Programme and registration about ABIM-Lucerne 2009 at: www.abim-lucerne.ch
