Welcome to
BARRIER ANIMAL HEALTHCARE, a division of Barrier Biotech Limited

As **leading** animal healthcare providers, we design, manufacture and market **innovative and effective** solutions to animal health and hygiene problems.

Using only **natural**, plant derived **non-toxic** active ingredients, all harvested from **sustainable** resources, our range of farm and domestic animal healthcare products does the job needed and are kind to farm staff, the animals and the environment. These solutions work well and are the way forward for hard pressed livestock farmers and pet owners alike.

Front Page News
